**Frank Foundation
Child Assistance
International
(FFCAI)**

FFCAI is a nonprofit organization, established in 1991. Their mission is to provide assistance to disadvantaged children. Their activities are guided by two objectives: delivering immediate relief for children with the greatest need and sustaining on-going efforts to eradicate suffering for all children. FFCIAI believes that by working with one child at a time, the otherwise daunting task of trying to save every child becomes manageable.

Friends of Frank (FoF) is a volunteer organization committed to helping children of the former Soviet Union. Working closely with FFCIAI, 100% of the proceeds raised by this organization go directly to the cause.

Family Preservation Initiative for Russian Children

Misha is three years old. He knows his colors, he loves to play and he likes to tease his mama. Unfortunately, "Mama" may come to mean any number of women providing care at the nearby orphanage. At age three, he is too young to understand that his mother, Anna – an orphan herself - is clinging desperately to her child. She has no education, no professional job and no family support. Without a program to help her obtain steady employment and without anyway to pay for child care, Anna knows the days she can continue to provide for her son are limited.

FFCAI is pleased to announce the "Family Preservation Program" - a unique initiative which strives to prevent a child from entering an orphanage in the first place. This will be accomplished through the provision of small grants, aimed at keeping the family together.

Current statistics report that there are over 700,000 orphans in Russia. As many as 90% of the children in the orphanages are wards of the state but their parents have maintained their parental rights. For these children, their future can only mean a life institutionalized, as these children are not eligible for adoption.

As the numbers continue to grow at an alarming rate, Frank Foundation Child Assistance International (FFCAI) increases its efforts to battle this problem. Over the years, FFCAI has brought aid to tens of thousands of orphans throughout the former Soviet Union. We realize this is not enough.

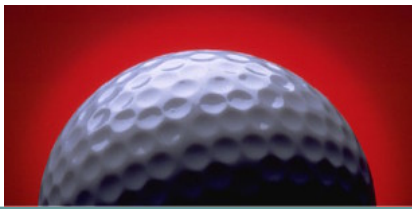

A successful pilot program was launched in January this year in Kazakhstan where the mothers of **50** children avoided crisis and began making the first steps towards improving their overall situation to build better lives for their future. Phase II initiative is a result of a fundraiser held at Stoneleigh Golf Course in Round Hill, VA. The monies raised have already helped 3 families by providing small grants to assist with medical expenses, child care and basic living expenses. Another 5 families are scheduled to receive aid this summer.

The 2006 "Fore the Children" Annual Golf Classic is dedicated to raising funds to preserve **50** additional targeted families, thereby preventing at least **70** children from ever entering the orphanage. This next initiative is scheduled to begin in the fall of 2006.

Your support will make a tremendous difference in the lives of children who deserve every happiness in life.

100% of the proceeds of the tournament will be directed towards this Family Preservation Program.

Thank you for your help in shaping the futures of these children!
